Professional Experience

Investment Banking Fall Analyst | Royal Bank of Canada (Capital Markets), Toronto ON (Sept 2025 – Dec 2025)

- Supported live sell-side mandates, preparing confidential information memorandums, client materials and management presentations
- Contributed to pitches, developing LBO and precedent analyses, and built financial exhibits for client presentations
- Built company profiles, conducted market research, and evaluated M&A targets to support active and prospective mandates

Quantitative Analyst Intern | Royal Bank of Canada (Capital Markets), Toronto ON (Sept 2024 – Aug 2025)

- Developing an ML model to forecast 15-minute updates of ATM IR Swaption Volatility grids, enhancing intraday trading decisions
- Constructing government yield curves using bootstrapping and interpolation techniques to support fixed-income pricing
- Evaluating discrepancies across RBC risk engines to enhance pricing model accuracy and consistency in valuation frameworks

Quantitative Developer Intern | Royal Bank of Canada (Capital Markets), Toronto ON (May 2024 – Aug 2024)

- Developed a Python script to produce post-process data aggregation reports, consolidating analytics and streamlining tasks
- Implemented a VBA script to automate Excel document comparison processes, reducing task time by over 60%

ML Student Research Participant | Borealis AI, Toronto ON (Feb 2024 – May 2024)

- Led the development of an LSTM model to forecast demand in Toronto's homeless shelters and enhance operational efficiency
- Applied advance ML techniques, including clustering and feature adjustment, to tailor forecasts to dynamic urban challenges

Amplify Intern | Royal Bank of Canada, Toronto ON (May 2023 – Aug 2023)

- Collaborated with a cross functional team to conceptualize and develop a content-based travel destination recommendation system
- Crafted an investment-style pitch presentation for RBC executives, leading to our selection as a finalist at the AmpExpo competition

Project Experience

Race-Specific CNNs for Accurate and Fair Juvenile Face Recognition | University of Toronto (Jan 2023 – May 2023)

- Designed and implemented a novel ML approach using race-specific CNNs and achieved improvement in accuracy and error

Extracurricular Activities

Ontario Investment Associate | Front Row Ventures, Canada (April 2025 – Present)

- Source and evaluate early-stage startups for Canada's leading university-focused VC firm, conducting market research and due diligence
- Prepared and presented investment memos to the Investment Committee, contributing to deal evaluation and selection

Analyst | U of T Engineering Finance Association (UTEFA) (Sept 2022 – Present)

- Participate in monthly stock pitch competitions, applying fundamental analysis, financial modeling, and investment research

Project Lead | U of T Engineering Student Consulting Association (UTESCA) (Sept 2023 – Sept 2024)

- Led a team of students in delivering a research report on sustainable investing for a client, meeting project goals and client needs

Student Athlete | University of Toronto Ultimate Frisbee Team (TULA) (Sept 2021 – Present)

- Committed and reliable member of the university ultimate frisbee team (2021 Canadian University Ultimate Champions)

Awards

Leadership Excellence Award | UTESCA Consulting Engineering Program (Sept 2024)

- Recognized by club members, executives, and clients for outstanding leadership, initiative, and project execution

Finalist | Engineering Business Futures Case Competition (March 2022)

- Worked in a team to create a B2C collection strategy for efficient, environmentally conscious lithium-ion battery recycling

J. Herbert Mason Medal | Havergal College (June 2020)

- Awarded for exceptional thoughtfulness, conscientiousness, unselfishness, and kindness, as recognized by peers, faculty, and staff
